

# "The Recipe Run"

## Specific rules

### **FIRST. - Introduction and rules to be taken into account**

The run consists of making a fried chicken recipe in the shortest time possible. For this, raw bird drumstick, oil and 11 herbs and spices must be collected in the game The Legend Of Zelda: Tears Of The Kingdom.

### **Category rules**

1. The run involves collecting the ingredients to cook fried chicken: a raw bird drumstick, oil and 11 different herbs/spices (see Annex 1), from the original (vanilla) spawns in the map of Hyrule.
  - a. The only recipe allowed is "deep fried drumstick".
2. The run must start by talking to Irton (NPC located at Goronbi Lake).
3. The run will end once the chicken has been cooked, regardless of where is cooked. The game menu with all the collected herbs must be shown in the recording.
4. The timer starts right after the dialogue with Irton ends, and must be stopped as soon as the pop-up announcing that the fried chicken has been cooked appears.
5. Any **consumables** are allowed to be collected and used (artefacts, elixir, fusions...) during the run, but only if they are obtained from the original spawn.
  - a. They cannot be crafted during or before the run starts with materials previously obtained.
  - b. Swords, shields, bows and arrows are allowed, as long as they are not previously fused by using objects acquired before the run.
6. The inventory must be shown with the amount of herbs/spices owned at the start of the run and once again at the end of the run with the 11 herbs/spices collected for the recipe.
7. The purchase of any materials is not allowed, except for the oil.
8. Herbs cannot be dropped from the inventory and picked up again. New herbs must be gathered for the run to be valid.
9. Teleporting is allowed during the run, but teleport marks cannot be placed before or during the run.
10. In order to keep the competition as fair as possible, postponing your submission so that no one else can figure out your strategies or route will be penalised.
11. If you reset a run, you may load a file before starting a new run.
12. Glitches are not allowed (unintended in-game effects or mechanics).
13. The run can be played on any version of the game.

### **Game rules**

1. The run must be played on official Nintendo Switch hardware. Emulators are not allowed.
2. Amiibos are not allowed during the run.
3. Previously trained horses are not allowed.
4. External programmes that modify the game or the Nintendo Switch for better game or hardware performance are not allowed.

## **SECOND. - Participants**

Participation in this competition is open to any person that has reached the age of majority, according to the laws of the participant's country of residence. Entrants from anywhere in the world are eligible, with the only requirement of registering at <https://run.sre.todoestodo.net/en/>. Participants must send their applications by Sunday, 2 July, 2023 at 23:59 UTC+2. Otherwise, they will not be considered for the leaderboard.

### **The application form must contain the following information:**

- The time of your PB (Personal Best).
- A link to the VoD (Video on Demand) in which the PBs are shown. Recommended platforms for the videos:
  - YouTube: The video must be public or unlisted.
  - Twitch: The video must be public (please highlight the run so that it will not be deleted later).

### **Guidelines for submitting a video:**

- Each application must include a video of the run.
- SysDVR is prohibited.
- In-game audio is required throughout the run.
- The timer cannot be manipulated during the run.
- No manipulation of the video is allowed unless the format needs to be rendered.
- The timer must be visible during the entire run and video.
- Low-quality videos are allowed as long as the gameplay is visible and recognisable.
